STAINS & GLAZES on Walnut

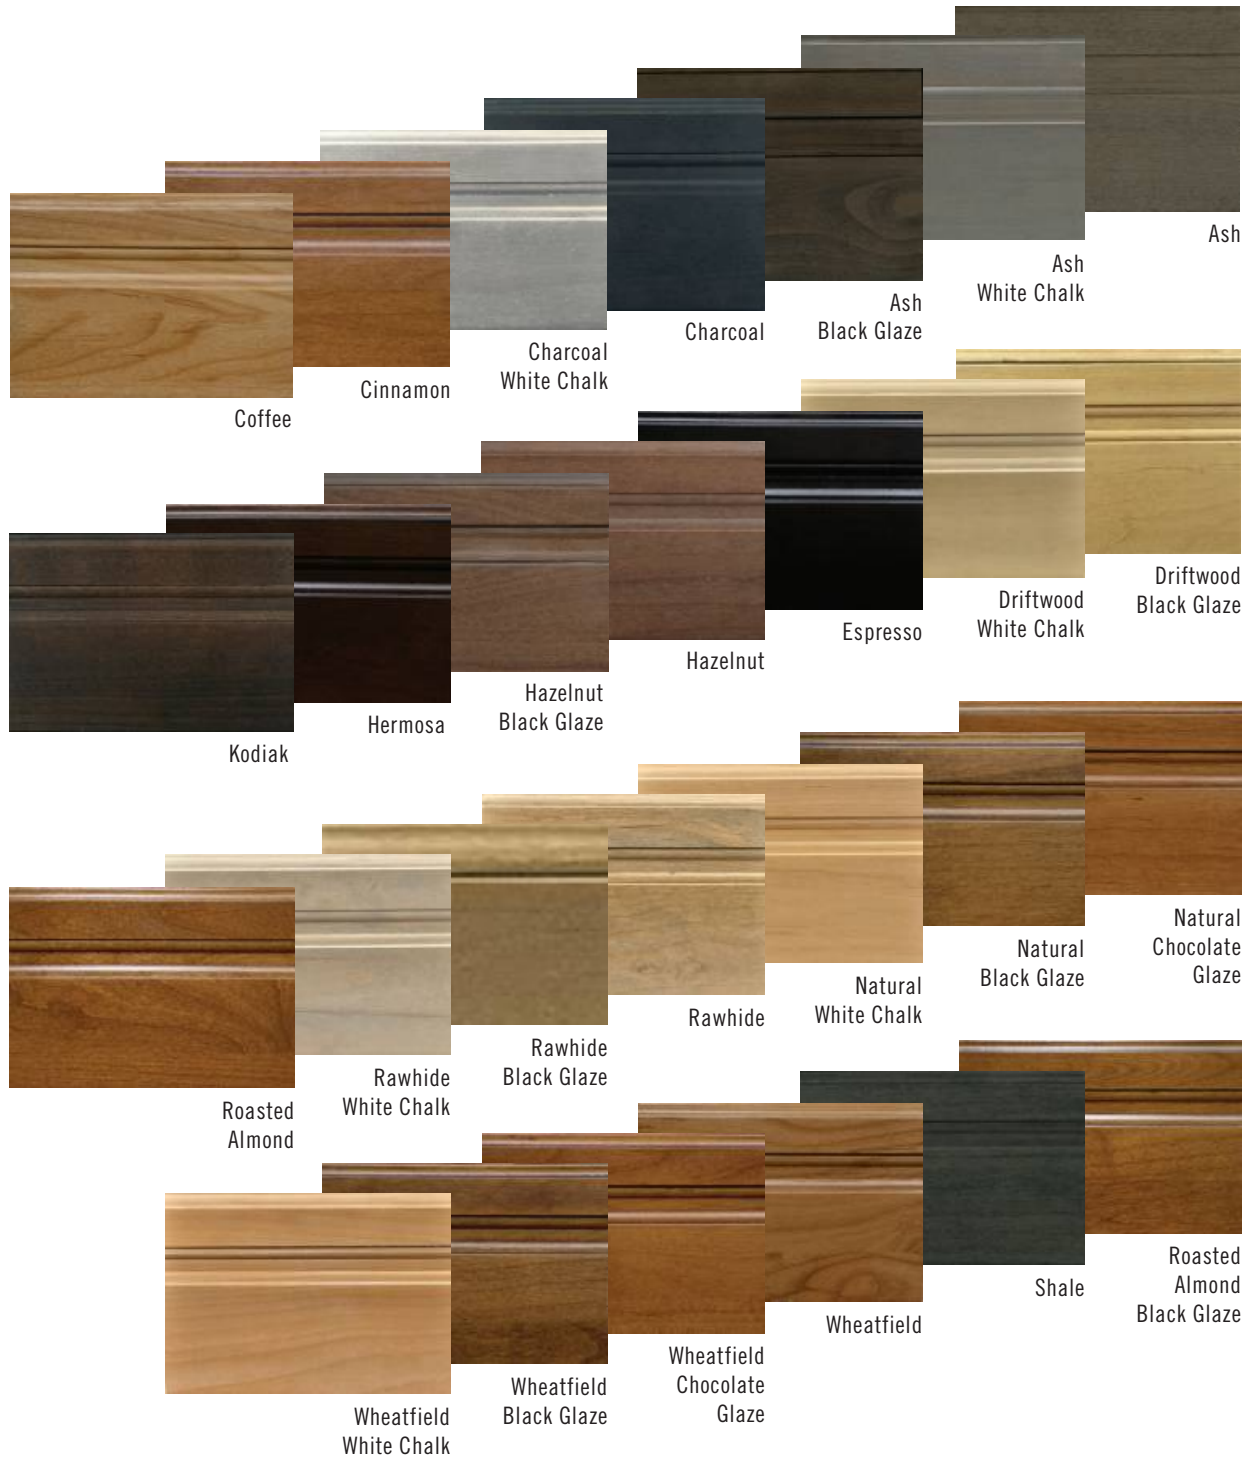

STAINS & GLAZES on Cherry

To bring out the ultimate richness and natural beauty of the quality woods, Sollera applies a complex combination of toners, stains, glazes, sealers, and post catalyzed varnishes. As natural variations in trees occur due to soil and climate conditions, each piece of furniture can have its own unique characteristic adding to the beauty of the wood.

DESIGNER & ARTISTIC FINISHES

For the ultimate in character and finish beauty, Sollera offers Designer and Artistic finishes. These finishes are highly complex with hand applied glazes and brushing. As these finishes are hand processed, slight variations can be apparent and add to the natural beauty and uniqueness of the finished product.

SOLLERA FINISH SAMPLES

COTTAGE FINISHES

These finishes incorporate toners, tinted sealers, black glaze and post catalyzed conversion varnish. The multiple layers of finish colors, allows this popular series of finishes to be distressed and worn, showing the multiple layers of color, making the door appear to be an aged piece of furniture. Cottage Gray will have a black undertone when rub through or antique distressing & wear package is applied.

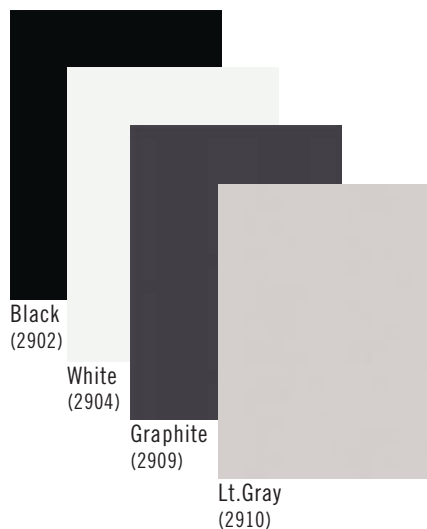

All other cottage colors will have a redish undertone.

LAMINATE FINISHES

High pressure laminate finishes are available in a variety of color and texture selections from Wilsonart, Formica and Abet Laminati. Choose from hundreds of colors and textures.

Dover
(Abet Polaris, Super Matte)

Glacier
(Wilsonart, Formica, Abet Laminati)

Verona
(W/art, Formica, Abet Lam.)

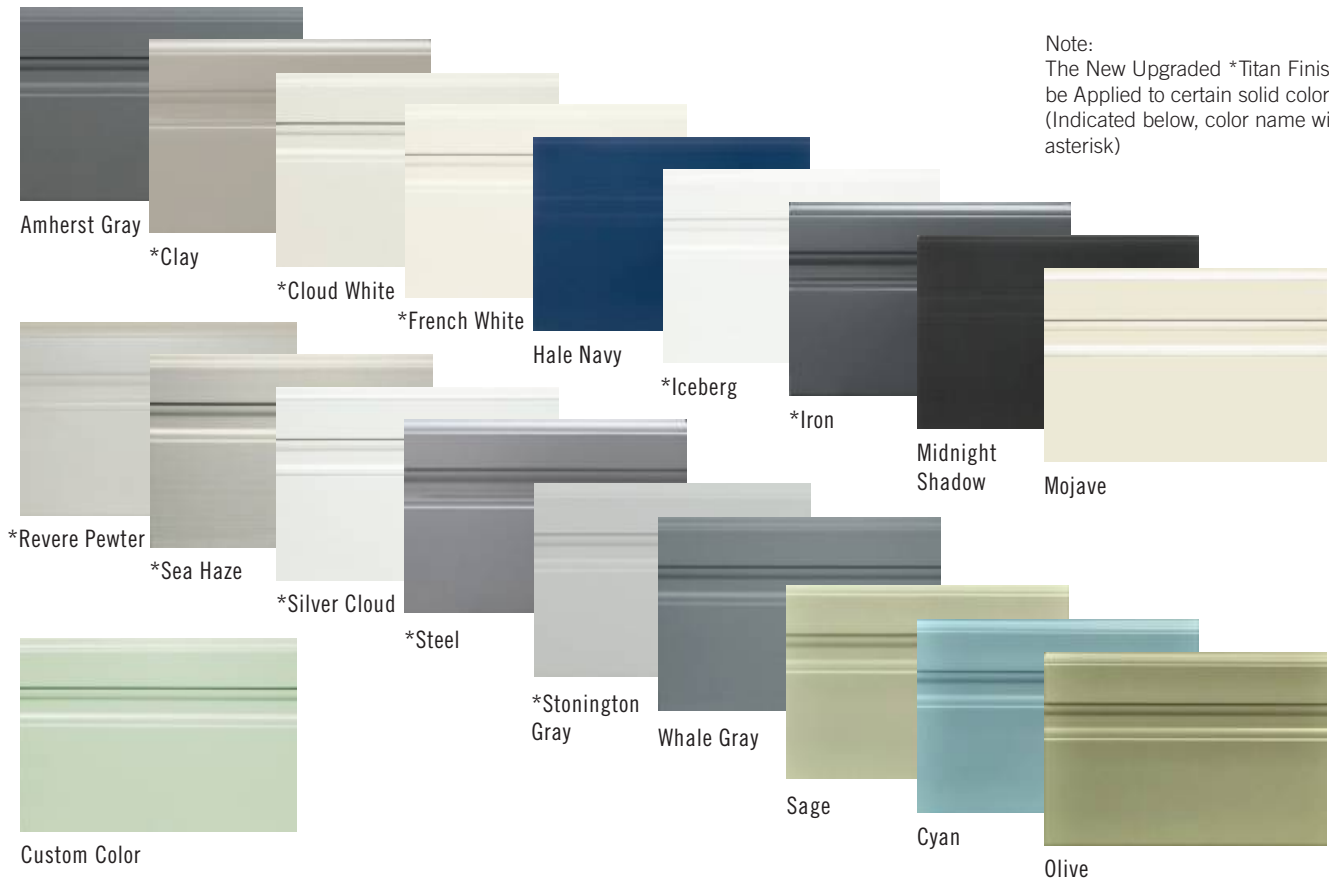

Murano
(Wilsonart, Formica, Abet Lam.)

SOLID COLOR FINISHES

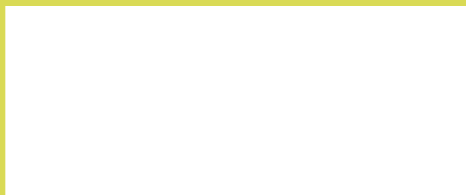

Sollera's series of solid colors are a very durable finish, available in the standard colors as well as custom tinting to match most finishes available through home paint manufacturers. As with all the finishes Sollera offers, these finishes are catalyzed and oven cured to provide you with a durable product to withstand the rigors of everyday use.

Note:
The New Upgraded *Titan Finish will be Applied to certain solid colors (Indicated below, color name with asterisk)
